

# Join the market leader

As our nation's most trusted, acclaimed and progressive life insurance company, at Ceylinco Life, we help millions of Sri Lankans de-risk their lives by providing need-based life insurance solutions to achieve their goals in life and become better leaders in their own right. As the market leader, we are exceptionally capable of crafting more leaders to take on life at work or home, whilst creating successful partnerships with all our stakeholders and recognising and rewarding members of the Ceylinco Life family. We call this A Relationship for Life. It's the reason for our success - and yours. Our most important component is our team of professionals, each, dedicated to moving ahead, and providing the best of service. Currently a vacancy has emerged in our **Information Communication & Technology Department** for the post of **System Administrator**.

## System Administrator

At the System Administrator your are responsible for the following

### The Job

- **Security Maintenance:** Ensure the timely deployment of security updates and patches, following recommendations from external consultants.
- **System Maintenance:** Responsible for the configuration, maintenance, and reliable operation of computer systems, network servers, and virtualization using VMWare.
- **Infrastructure Management:** Install and upgrade computer components and software, manage virtual servers, and implement automation processes.
- **Troubleshooting:** Ability to diagnose hardware and software errors, run diagnostic tools, document issues and resolutions, prioritize problems, and assess their impact.
- **Backup and Recovery:** Familiarity with backup and recovery operations, including solutions like Commvault and native OS-specific options.
- **Containerization:** Strong knowledge of Docker and open-source web servers.
- **Linux Expertise:** Demonstrated proficiency in Linux server administration, including RedHat, CentOS, Ubuntu, and others.

### Qualifications , Experience & Skills

- Preferred certification: RHCSA (Red Hat Certified System Administrator) and other relevant industry certifications.
- 1-2 years of experience in system administration.
- Team Player: You're a strong team player with leadership skills, able to collaborate effectively with colleagues.
- Communication: Good communication and interpersonal skills to work seamlessly with team members and stakeholders.

### Reward

- An attractive remuneration package with many fringe benefits awaits the right candidate.
