

Enrich Arcane

WE'RE HIRING

WEB AND MOBILE

Are you an experienced software developer ready to take on exciting challenges and contribute to cutting-edge projects? Look no further! We are a leading software development company specializing in web-based applications and mobile solutions. We're on the lookout for a Senior Software Developer to join our innovative team and help drive our projects to new heights.

Qualifications:

- Bachelor's degree in Computer Science, Engineering, or a related field.
- Proven experience (1+ year) in software development, with a strong portfolio showcasing your web and mobile projects.
- Expertise in modern front-end and back-end technologies, including but not limited to React.js, Angular, Vue.js, Node.js, PHP (Laraval) and more.
- Proficiency in mobile development using frameworks like React Native or Flutter.
- Solid understanding of cloud services (AWS, Azure) and containerization technologies (Docker, Kubernetes).
- Experience with version control systems, particularly Git.
- Strong problem-solving skills, an eye for detail, and a passion for delivering top-notch software solutions.
- Excellent communication skills and the ability to work collaboratively in a fast-paced environment.
- **Work Place Negambo Office**

408/ 1/1, 1st Floor Colombo Road,
Negambo
