About us

SriLankan Airlines Ltd, the national carrier of Sri Lanka operates with a network of destinations throughout Asia, the Middle East, Europe and Australia. The airlines has a strong presence in Maldives and Southern India. SriLankan is a member of the 'oneworld' alliance.

Job Description

Develop and create drawings for interior layout changes, exterior layout changes, architectural interior drawings, building extensions, new buildings, building components, civil, electrical, and mechanical engineering drawings, civil structural drawings, and architectural drawings. Maintain a library of all building, architectural, structural, and engineering service drawings, and provide updated versions of interior layouts for existing buildings using the latest AutoCAD software.

Key responsibilities will include:

- Prepare drawings for interior layout changes after meeting with users, adhering to company standards, within the stipulated timelines.
- Prepare civil, electrical, and mechanical engineering, civil structural, and architectural drawings as requested by users within the stipulated timelines.
- Regularly update and provide interior layouts of existing buildings whenever modifications are introduced.
- Maintain a library of building architectural, structural, and service plans using a proper coding system.
- Maintain all in-house drawings, including originals and one set of copies, with an assigned identification system.
- Generate a weekly report listing completed drawings, drawings in progress, pending drawing requests, and new drawings requested within the stipulated timelines easy retrieval.
- Calculate the areas in building spaces and land spaces for costing and other related tasks.
