## About us

SriLankan Airlines Ltd, the national carrier of Sri Lanka operates with a network of destinations throughout Asia, the Middle East, Europe and Australia. The airlines has a strong presence in Maldives and Southern India. SriLankan is a member of the 'oneworld' alliance.

## Job Description

To provide in-house skilled maintenance support to the Facilities Engineer (Electrical) in maintaining the HT & LV Electrical distribution system and equipment, which includes transformers, generators, switchboards, UPS units, etc., in proper working order, to ensure established service standards are maintained.

### Key responsibilities will include:

- Detecting and rectifying faults (component/spares replacement) in the electrical distribution network downstream of the CEB metering point, including HT transformers, ATS, Standby Generators, Master switchboards, and other distribution boards, to ensure the proper functionality of the electrical system.
- Conducting preventive and corrective maintenance on UPS units installed at UL premises to ensure 100% availability of critical power supply. Maintaining service reports for UPS systems and updating foreman and engineer about any additional maintenance requirements.
- Wiring, installing, and connecting power systems and electrical control systems, including components such as MCCBs, MCBs, RCDs, magnetic contractors, timers, relays, changeover switches, etc., to contribute to the development/extensions of the electrical system.
- Repair and replacement of consumables (all types of lamp fittings, motors and pumps including their control systems, lounge equipment, office electrical equipment, sensor switches, etc.) to maintain an acceptable working environment.
- Assisting the foreman in completing scheduled and ad-hoc electrical maintenance jobs to ensure the timely execution of electrical maintenance work.
- Entering and addressing general log reports to rectify defects promptly.
- To act on behalf of the Foreman in his absence, providing necessary job-related technical information to subordinates, managing and utilizing components in stock to accomplish the daily routine work schedule, and maintaining a satisfactory service level to the user departments.

## Requirements

- 6 passes at G.C.E Ordinary Level (O/L) including a pass for Mathematics & English with successful completion of one year full time technical course (NVQ level 4) in relevant field with 4 years relevant working experience.

The upper age limit should be 35 years as at closing date 16th February 2024.

Be a Srilankan Citizen.

Employment will be offered on fixed term contract.

Influencing will be a reflection of unsuitability.

We are an equal opportunity Organization.

Please note that we will correspond with you within a month of closing the advertisement in the event your application is shortlisted for consideration.
