NATIONAL ENGINEERING RESEARCH & DEVELOPMENT CENTRE OF SRI LANKA

V A C A N C I E S

Recruitment to the Post of Supplies Officer

National Engineering Research and Development Centre (NERDC) is the premier engineering research and development organization, operating under the purview of the Ministry of Education of the government of Sri Lanka. Over the last five decades, NERDC has embarked on nationally important challenging engineering research & development projects and professional industrial services through its competent workforce and state-of-the-art facilities.

The procurement division which belongs to the Finance Department plays a pivotal role as the main facilitator for R&D and services departments. Supplies Officer should be conversant with National Procurement Guidelines for procuring products, services and equipment and, be capable of handling both local and international tenders etc.

Thus, NERDC intends to recruit a qualified, energetic, proactive and innovative Sri Lankan professional for the post of Supplies Officer to lead the Procurement Division.
