Job Description

SriLankan Airlines Ltd, the National Carrier of Sri Lanka operates with a network of destinations throughout Asia, the Middle East, Europe, and Australia. The Airline has a strong presence in Maldives and Southern India. SriLankan is a member of the 'oneworld' alliance.

SriLankan IT Systems drives the airline's IT strategy through digital transformation, technology adoption, data modeling, business intelligence, and business continuity. The focus is on transforming business and operational processes, expanding digital passenger reach, and improving customer experience through solutions design, development, and integrations while enhancing airline IT domain knowledge. Award-winning SriLankan IT team is seeking dynamic individual to join as a Business Systems Analyst (Engineering & Maintenance).

The individual is responsible of connecting the gap between business needs and IT solutions, ensuring that the IT systems and solutions align with business objectives, improve efficiency, and enhance productivity.

Ensures that business needs are effectively translated into IT solutions, contributing to the
