PROGRAMMER

Public Bank Berhad (PBB), one of Malaysia's largest and most respected top-tier commercial banks, with a strong and growing presence in Sri Lanka, is seeking a dynamic and experienced *Programmer* to join its IT team. We are looking for a highly motivated professional with strong technical expertise and a passion for delivering high-quality software solutions to support our business operations.

Key Responsibilities:

- Design, develop, maintain, and support business application software for the Bank.
- Perform impact analysis on business/functional requirements to determine implications on current systems.
- Ensure adherence to established system development standards and methodologies throughout the Software Development Life Cycle (SDLC).
- Prepare, maintain, and update application software documentation.

Candidate Profile:

- A Degree in Computer Science, Information Technology, or a related field.
- Hands-on experience in application development.
- Proficiency in AS400 iSeries platform including RPG/400, RPGLE, SQLRPGLE, COBOL/400, CL programming, DB2/400, and SQL/400.
- Additional knowledge of programming languages such as Java, C, etc. will be an added advantage.
- Strong analytical and problem-solving skills.
- Self-driven, collaborative, and capable of working in a dynamic team environment.
- Prior exposure to retail banking systems and Fusion Equation Retail Banking System would be an added advantage.

If you are a results-oriented professional ready to make an impact, we invite you to apply and be part of a reputed international banking brand.

Successful candidates will be offered an attractive remuneration package commensurate with their qualifications and experience.

Submit your application with a passport size color photograph, stating your personal particulars, qualifications, and work experience, contact telephone numbers, together with present & expected salary, and two non-related referees' details within 7 days of this advertisement.
