## WE'RE HIRING

### SENIOR EXECUTIVE FINANCE OPERATION

The Senior Executive – Finance Operations is responsible for managing day-to-day financial processes, ensuring accuracy, compliance, and efficiency across operational finance activities. This role supports end-to-end finance operations, including reconciliations, payment handling, vendor management, revenue operations, and audit coordination. The position requires strong attention to detail, operational discipline, and the ability to work collaboratively across departments to maintain smooth financial workflows.

#### Candidate Profile :

- Part-qualified or fully qualified in CIMA/ACCA/CA Sri Lanka, or a degree in Finance/Accounting.
- 2–4 years' experience in finance operations, accounts payable/receivable, reconciliations, or similar functions.
- Strong analytical and numerical skills with hands-on experience in operational finance processes.
- Proficient in ERP systems and MS Excel with the ability to manage high-volume transactions.
- Excellent coordination, communication, and stakeholder management skills.
- Detail-oriented, deadline-focused, and able to manage multiple operational tasks simultaneously
